V-Class VIP

BlackFox

The V-Class VIP by *BlackFox* is based on a Mercedes-Benz V 300d.

Comfort, style, luxury, are all words that apply 100% to our V-Class VIP models.

Whether on a long journey, to the next appointment or to the airport, with our V-Class VIP you can arrive anywhere stress-free and relaxed.

Experience for yourself how comfortable traveling can be.

INTERIOR

MAYBACH SEATS

In the first class rear you travel as comfortably as in a private jet.

Your vehicle is equipped with 2 full-size individual seats and offers easy access to the media-station integrated into the center console.

COMPONENTS

2 MAYBACH comfort individual seats

Fully electrically adjustable w. memory function

Seat heating & ventilation

2 folding tables in the center console

INTERIOR

ELECTRIC CURTAINS

The control for the electrically operated curtains on the side windows is located next to the seat adjustment.

They serve to protect the private ferry and are not visible from the outside.

INTERIOR

AMBIENT LIGHTING

The ambient lighting is available in 21 different colors.

The LED strips of the ambient lighting are stylishly distributed in the VIP area and can be easily controlled from the media station.

INTERIOR

PARTITION WALL

The Partition Wall separates the VIP area from the drivers compartment.

The Partition Wall consists of a glass pane and a 43" 4K LED TV, which can be moved up and down with a button in the media station.

INTERIOR

FOLDING SEATS

There are also two folding seats in the partition wall that can be extended electrically in the media station.

The folding seats hidden in the partition wall provide two additional comfortable seating options if required, which provide the necessary safety with a headrest and a 3-point belt.
